EVERYTHING READY
FOR GREAT GAME.Uniontown and Connellsville
Will Clash on Diamond
This Afternoon.

HOME SPORTS ARE LOYAL

Willing to Bet Their All on the Local
Team Pitted Against the Capital
County Team and Are Confident of
Victory.

When Old Sol gently pushed his rays through the cloudy skies this morning a glad light shone in the eyes of the baseball enthusiasts and heavy hearts were lightened for it was realized that Connellsville would today give Uniontown such a baseball thrashing on the local diamond that it would remember for a long day. There was not a bit of fear expressed by the managers of the local baseball association nor a single man in the town that Uniontown was coming to Mud Island to get a drubbing. The betting was strong among Uniontown backers hard to find during this morning.

The diamond is in excellent shape to take the Uniontown players into camp and send them back wallowing against the Coke Center, and the line-up this afternoon is strong enough to make them feel that Connellsville has a baseball team after all. It is said that all Uniontown is quaking with fear of the game this afternoon, and will she might for Connellsville is prepared to play ball and is determined to win the game.

Manager Montgomery is sanguine and confident that the score chalked upon the boards tonight will bring happiness to the local supporters of the team. He has not given out all his dope on the game, but is willing to say that Jacobson, the heavy hitting batter, will be in left field, and he is chalked down for some purpose. Montgomery plays second, Egan, short, Birmingham third, Francis middle and Pfeiffer first. And right here is the strong end of the game. Pfeiffer last year having demonstrated his superiority as first baseman and Jacobson being a fielder for fair with a hitting record that scares them all. Grinn will catch.

O'Hara is going to play in right field. The line-up of pitchers is strong enough to make the opposition quiver but which one will pitch the game is not announced. On the firing line with the local team is McCarthy, Pease, Gessman, Wallace and Heron. It is likely that White will pitch the game. He is a Sharon lad, contracted for by the O. & E. League and has a good clean record. Tiffany is expected to arrive some time today and was scheduled for the game, but up until noon he had not returned.

Reports from Uniontown and Scotland say that large delegations are preparing to visit the Coke Center today and take in the game. It is one of the most important games of the series, being the first time that Connellsville and Uniontown have had an opportunity to get together.

CLEVELAND STREET
CAR MEN ON STRIKE.Went Out This Morning and Dragged
Old Employees Who Worked
From Cars.

CLEVELAND, O., May 16.—(Special.) Street car men declared a strike here at 3 o'clock this morning. The strikers were employees of the Municipal Traction Company, who had formerly been in the service of the Cleveland Electric Company. Several of the old employees have been taken from the cars by strikers and badly beaten.

CONNELLVILLE CHURCHES
ARE DEAD SAYS MINISTER.Dr. Donahoe of Pittsburg Speaks on Religious Work in
This City at Big Gathering of Christians at Y. M.
C. A. Hall Last Night.

With all the protestant ministers and ten delegates from each church present at the meeting of the Ministers Association held in the Y. M. C. A. hall last night the significance of the present condition of the local churches was brought to light and the indication of the earnest effort to be made put down the evils that all gradually increasing in the city was demonstrated.

There were about 60 people present. The speaking was preceded by a delightful banquet, prepared by the ladies of the churches. Several selections were rendered by the Y. M. C. A. quartette. The meeting was called to order by the chairman, J. A. Ely. Dr. J. J. Huston was the first speaker of the evening and his subject was "The Present Condition of the Churches." He said that there was too much time given to the public amusement and they were gradually taking the people away from the churches and the weekly prayer meeting but that he was by no means discouraged and he intended to fight it to a finish and to bring down these evils. Dr. Donahoe then called upon and responded with the subject of "My First Impression of the Spiritual Side of the Connellsville Churches." He said that the Connellsville churches are dead and have been in such a condition for several years but considering the mercantile business side of the town we should be proud of them, but the churches are not up to the proper standard which was caused by the churches losing connection with the real source of spiritual power.

POLICE HAVE EARNED
SALARY THIS WEEK.Amount in Fines Reaches Well Up
And Many Arrests
Were Made.

Although there were no prisoners to be heard this morning by Burgess, A. D. Solson, there was something of an interesting gathering when Chief of Police Rottler began figuring from the docket to learn if the police had earned their salaries during the past week. The docket shows that while all the cases have not been heard by the Burgess they have been most profitable during the week which will end this evening the police have taken in from those who have violated the law \$113. The greater part of this amount was left in forfeits by those who did not like to get in the limelight.

One day's business covering Thursday night and Friday morning netted the borough treasury \$47.50, of which \$27.50 was for forfeits alone. Among the list of disorderly conduct cases there were some spicy rumors which were suppressed through the forfeit method, but which would not have brought any more money into the treasury.

One of these cases that never came to trial was in which Rev. Father T. Burns was the informant. Rev. Burns noticed for several weeks a man and woman loitering about the steps of the church parsonage on East Main street, and he called the attention of the police to it. Officer John Lowe arrested the couple and the man left a watch, while the woman "forked" over \$5, which had just been given her by the man. This man arrived in the case is said to draw a \$200 a month salary, and he was caught with his arms about the woman. He got his watch out of hook and said that the woman had told him to look story and that he was only assisting her, but he never came back to have the matter aired in the Burgess' court. Disorderly cases helped to swell the week's collections and the police were feeling mighty good today over their showing in hard times.

Brownsville on Sunday,
Starting Tomorrow.

Notices were posted yesterday by the West Penn Railway Company of an extension of service, which will bring happiness to the residents of Southern Fayette county, and particularly to the residents of Brownsville. The company has been pushing the line towards Brownsville and from time to time has opened up certain sections of the road.

Had Labored Long and Faithfully—
Interment at Oak Grove Cemetery.

UNIONTOWN, Pa., May 16th.—Funeral services over the remains of the late Orin J. Sturgis, editor of the News-Standard, were held this morning at 10:30 o'clock in the Great Bath of Baptist church, Rev. J. S. Bromley, pastor of the church, assisted by Rev. W. M. Ryan, of Smithfield, officiating. The church was crowded to the doors with relatives and friends of the deceased.

The Late Orin J. Sturgis.

Reading of the 23rd Psalm, followed by the favorite Bible selection of the deceased, the first chapter of Joshua, seventh verse. The pastor then read his favorite Psalm, No. 103. The text of the sermon was Revelation, II: 1-10. Rev. Bromley delivered a very touching sermon, recalling to mind the deceased's character and summed his whole life up in the one word, "Loyalty." He said that he had been loyal to his church, to his family and his friends, and in this loyalty a noble character was displayed. He then spoke of the purity of life, the unswerving veracity and integrity and that he was a true Christian gentleman known by his best friends as a gentleman of his word and honor.

After the service the casket was borne to the funeral home by the family and friends. The casket was a simple one, of dark wood, and was placed in the hearse. The hearse was a simple one, of dark wood, and was placed in the hearse.

GUN CLUB PLANS
SHOOTING EVENTSAt Annual Meeting Last Night Cooper
Patterson is Elected
President.

Sporting blood was demonstrated at the annual meeting of the New Hope Gun Club last night when the officers for the year were elected and plans for the season during the summer were arranged. The meeting was held at the home of Mr. J. W. Cooper, who was elected president of the club. Dr. G. W. Gallagher, Vice President; W. D. Short, Secretary; and T. E. Quinn, Treasurer. The club has a membership of about 60, all skilled marksmen, and expects during the coming summer to hold a number of very exciting shoots on their range in New Haven. The first shoot will be held on Sunday, May 24th, at the home of Mr. J. W. Cooper. The prizes for this shoot will be very substantial ones, valued at hundreds of dollars. The annual shoot last fall was a large one but the local club expects this year to offer prizes that will tempt the best marksmen in all nearby counties.

The meeting last night was held in the office of Contractor Cooper Patterson and was an enthusiastic one.

Too Youthful Mayor.

CUMBERLAND, Md., May 16.—Because the Cumberland charter states the Mayor of the city must be "a person not less than 30 years of age," it now appears the Republican candidate, John G. Miller, who, it is said, will not be 30 years old until August 30, will have to let the office go to his opponent, Mayor George A. Koon, by default.

FINANCES DISCUSSED BY
SCHOOL BOARD LAST NIGHT.County Superintendent Asked to Hold Institute in Con-
nellsville This Year—Children's Outing and Gradu-
ation Exercises Brought Up.

On account of the non-appearance of some of the members of the Connellsville School Board came to order at a late hour but even after it did come to order very little business was discussed on account of the absence of Tax Collector Brown and without him the Board could do very little.

Upon a call for a report of the committee, Director O'Connor, of the building committee reported that he had inspected the new second ward building and that he found it nearly ready for the board to take off the hands of the contractors. He also reported that he had received a letter from the contractor requesting the board to inspect the building on Friday of next week. The secretary was asked when the term of the directors expired and upon being informed they would be relieved on the first of June, a motion was made to have the board inspect the new school house.

Mr. Harrison stated the contractors had treated them fair and that they should take the building off their hands as soon as convenient to the board to inspect same. Monday the 27th was set as the proper date as being convenient to all.

Mr. Dunn, a member of the finance committee reported the standing of the finances as follows:

Amount in South Side fund.....	\$1,020.00
Amount in sinking fund.....	6,475.30
Amount in Old Building fund.....	40.33
Amount in General fund.....	1,074.46
Total.....	\$8,540.09

He also reported that the second ward fund was entirely empty and remarked on the small amounts of the above departments.

As Mr. Brown was notified of the

SLIGO COMMITTEE MEETS.

Laid Plans at Chamber of Commerce
for Bond Issue for Plant.

The Sligo Committee of the Chamber of Commerce met this morning and laid out the preliminary plans for purchasing the site of the company's \$125,000 bond issue and the resumption of the remodelled and enlarged plant at the earliest possible moment.

The committee will meet regularly from this time on. The meetings will be held in the Chamber of Commerce at 8 o'clock every morning.

The whole amount necessary for the improvements is \$250,000, but one-half of this amount has been taken by the stockholders of the company, leaving the remainder of the issue to be subscribed by others.

One of the improvements under way is the building of the mono-rail system through the plant, which will enable heavy weights to be lifted anywhere in the factory at will.

OUTING FOR CHILDREN

Shady Grove Park Management Has
Invited Children to Study
Manager R. S. Coyle of Shady Grove
Park has extended an invitation to the Connellsville and Uniontown school children to entertain them at the park on the last day of school.

The invitation was extended through the directors. The Connellsville schools close on May 26, while the Uniontown schools close one day later, and an effort will be made to consolidate the gathering on either of the days. The Uniontown schools have accepted the invitation.

Manager Coyle has offered to furnish free transportation over the lines and make all the amusement, entertainment at the park. It is probable that some arrangements will be made whereby both places may be held on the same day.

WRITES TO FRIENDS.

Letter Carrier Beighley Sends Com-
munication from Spokane,
Washington.

Postoffice employees this morning received word from Carrie, No. 2, W. E. Beighley, who resigned his position several weeks ago to go to Spokane, Washington, for his health, and also to engage in business. Carrier Beighley, in a postal addressed to the postoffice, says that he does not expect to return east again, as he has found Spokane an ideal town and that he is making arrangements to engage in business.

He writes that there are 99 carriers and 105 clerks, and adds: "The carriers do not have heavy loads to carry, and best of all, no mud to wade through." Letter Carrier Beighley is one of the muddest sections to carry while in the service here.

BETTER ROADS
BEING SOUGHT.First Meeting Held Last
Night for Highway From
This City to Uniontown.

WAYS AND MEANS DISCUSSED

May Be Necessary to Issue Bonds
But the Matter will be Threshed
Out at Meeting Early Next Week of
Interested Parties.

The first steps were taken last night at a meeting held at the Columbia Hotel for the building of modern country roads. A number of Prick coke company superintendents, the Road Surveyors of Dunbar of the road and other interested parties met at the hotel for the purpose of taking steps toward the building of the road. The two roads leading to Uniontown are for the most part in a deplorable condition throughout the year, and as there is much hauling over them in the 12 mile stretch teamsters are put to great inconvenience, besides it is impossible to make any sort of time over them.

At last night's meeting, after discussing the various ways and means of securing the construction of the roads, it was decided to hold another meeting next week, during which these interested will investigate plausible methods for building roads. It was proposed that the county issue bonds for the work.

The State appropriation for the construction of roads has been exhausted and it may be many years before money for the construction of roads is available. It was proposed that the county assume the work and issue bonds for it and as the State appropriation became available the bonds be paid off.

The proposed road is to be constructed along the plans for State roads in the most improved manner. All those interested in the building of the road would be willing to contribute their time free of cost in seeing that the road would be constructed in the very best possible shape.

If the road is constructed it would be a boon to automobilists and it is said that they will lend all the influence they can bear to having about its construction. It is hoped to get the project started early in the summer and the road constructed by fall.

Dunbar After Short Illness.

DUNBAR, May 16.—Death has again entered one of the homes in this place and removed from our midst a good, kind and loving mother, Mrs. Lenora Higbee Hampton, passed to the Great Beyond on Friday evening at 8 o'clock. She was a devout member of the St. Aloysius Catholic church and was always willing to help with any church work which she could do.

REPAIRING AT LIBRARY.

Supports to Tile Roof of Carnegie
Institution Being Strengthened
by Workers.

Some important repairs are being made on the Carnegie Free Library. The roof for some reason or other was not properly supported. The heavy tile roof upon examination was found to be gradually sinking, which if it had gone much longer might have caused considerable trouble.

The flag pole was taken down and rigged up with a new rope in order that a new flag might be put up for Decoration Day.

The librarians were considerably frightened yesterday by one of the workmen letting a tool drop. It fell with such force as to crash through the plaster to the library floor.

We are greatly over stocked in our Infant's Wear Department—too many little dresses, slips, coats, socks, booties, bonnets, underwear, etc. We must reduce stocks quickly and decisively, and these low prices will do it.

This Sale includes wearables for the babe, to clothe him from the tips of his little toes to the top of his little round head. And remember, mothers—that what you purchase here will be satisfactory in every way—to yourself—to the babe—in quality, style and especially in price.

We will let the prices tell the rest of the story—and you will find them especially eloquent of unusual savings. There certainly never was so profitable a time to buy infants' wearables.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally, that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appen to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who truly enjoy good health to the blessings of the fact that it answers the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or Elixir of Senna—or Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C. that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

COAL LANDS—AS AN INVESTMENT. There is a great deal of Fayette county capital tied up in coal lands, and in the present depressed condition of affairs there are no doubt some investors who would be glad to have their money out at a very much less profit than they have anticipated.

But there is no investment better than the coal lands of Fayette county. None is more sure to yield larger ultimate profits. The national conference this week in the White House at Washington for the purpose of devising ways and means of conserving our natural resources has disclosed what has not been a secret to the coal and coke trade, but which has not been suspected by the great majority of the people, namely, that the coal supplies of the country are of comparatively limited area and extent. At the present rate of consumption it is estimated that the coal lands in the United States will be few and far between before the close of the present century.

Professor White, the eminent geologist, makes the declaration that if the present "insane" rate of destruction continues, the entire coal supply of the nation will be exhausted in ninety-three years or less.

Investors in coal lands do not want to wait a century for their returns, and they will not have to wait so long as that to get handsome profits. The situation admits of but one conclusion. Coal lands will always advance. Under depressed financial and industrial conditions, they may fluctuate some in value, but upon the whole there will be steady advancement.

We need only look back over the history of the Connelville coke region for a space of thirty years for a striking confirmation of this inevitable conclusion. In the early history of coking operations Connelville coke sold as low as \$10 per acre. As the region developed it advanced successively to \$20, to \$30 and to \$40 and \$50. These latter prices were regarded as record-breakers. But as the end of the region became visible, prices jumped widely upward. Within the past decade ten times the last named price has been cheerfully paid for Connelville coking coal, and this in spite of the fact that a new field has been opened in Southern Fayette county the product of which is for the most part practically the same as the original Connelville field, and of the further fact that immense fields of similar coal are known to exist in Greene and Washington county and are even now under actual development.

Good coal has a staple, intrinsic and ever-increasing value. No better security could be offered for loans. No better investment could be made. The greatest and the safest bank in Fayette county and Western Pennsylvania is its Coal Bank.

THE DANGERS OF INQUIRING INFANTILE MINDS. The investigating propensities of children are proverbial. The infantile mind is always inquiring, in which respect it is more active than that of maturity. The inquiries of the infantile mind are not so much directed as those of the older mind, because the latter has profited by experience, not only by its own experience but by that of others.

The untrained infantile mind, therefore, seeks information under difficulties beset with serious dangers. Because of this fact it should always be the care of the parents and others to keep locked up or safely out of reach dangerous articles, such as matches, firearms and especially poisonous drugs.

Object of this precaution has caused much suffering and many horrible deaths among innocent children that could have been avoided with a little care. Parents can save themselves and their loved ones anguish and suffering by keeping dangerous articles where small hands cannot reach them.

THE TIDE OF IMMIGRATION. The tide of immigration takes its way in these days of many smokeless coke ovens. It is not back to the mines for our foreign labor; it is back to the farm for them.

There is not so much profit in the farm as there is in the mine; but there is more independence, better health and more enjoyment. Usually there is more safety, also; but the recent multiplicity of disastrous Western cyclones and storms makes it doubtful whether the Pennsylvania mine is not safer than the prairie farm, as profitable.

Upon the whole the tide of immigration seems to have turned and indications are not lacking that it will soon turn again toward the Connelville coke region and the other industries of Western Pennsylvania.

Some of the idle ovens of the Connelville region have already been fired up, and many of the mills in Western Pennsylvania and other sections have resumed operations. In this region, a number of new ovens are being built, and the railroads are

enlarging their facilities for coke traffic. The men who make coke and those who transport it are evidently looking forward to renewed activity in those lines. Their experienced judgment is reassuring.

The financial situation is also clearing. Money is becoming more plentiful. Locally there is but one drawback, namely, the ruinous competition among the smaller coke operators, which has driven the price of coke down below the limit of reason, thus inflicting a serious injury upon the trade as a whole and business in general.

But tides of both business and immigration are flowing the right way, and the situation is decidedly encouraging.

Greensburg is making a noise like the real cancer that is born of bitter disappointment. Some men and much money have been poured into it, but it is still a failure. After long and hard fighting, the Connelville coke has a fat and juicy bit of pork drawn up to the edge of the barrel and was just about to be put in when it was suddenly pulled out. It was suddenly pulled out of the barrel and was just about to be put in when it was suddenly pulled out.

SCOTSDALE.

SCOTSDALE, May 15.—The force of men employed for the past few days on the roof of the old Meadow mill were transferred to the interior of the mill yesterday to get all things in shape preparatory to starting up when the expected order is given. When the experiments at tin making in the old mill began it was circulated that if such experiments proved successful the same would be carried on at the old Meadow, there not being room in the Scottdale mill. Another thing that has not proved wholly a success is the working week about of the different forces, the men who rest for two weeks not being in condition to withstand the heat, and this is cited as a reason for the old Meadow's early resumption. The bicycle picked up on the street the other night by the chief as yet remains unclaimed, but it may be recovered by the owner calling at the police station and proving ownership to the chief. Frank Yawner has been home for the past few days, with an abscess on his hand. Today is payday and it should be welcomed by many of the men who were compelled to wait three weeks for their pay. Mr. and Mrs. Jean Carter were in Greensburg yesterday, calling on the latter's parents. Health Officer Albia Hyatt of Connelville was in town yesterday after.

Inspecting the sanitary conditions of Upper Tyrone township, which he reports to be excellent. A. P. Byrne was in Greensburg yesterday on business. Constable Burket of Pennsylvania was here yesterday on official business. William Shaffer of Youngwood was calling on friends here yesterday. H. H. Kelly, Jr., left for Pittsburgh last night on business. Harry Holmes of Mt. Pleasant was calling on friends here yesterday. The young son of Mr. and Mrs. Jacob Kromer, who underwent an operation in the Mt. Pleasant hospital a week ago, is getting along very well and will be brought home Sunday.

Miss Elizabeth Bohn of Connelville was here yesterday among relatives. Miss Lottie Miller of Mt. Pleasant was calling on her friend, Miss Cora Strickler, last night. Mrs. James Donohue was in Mt. Pleasant yesterday. Hugh Coll of Connelville was here on business yesterday. William Hubbs, formerly of this place, but now residing in Cumberland, was circulating among friends here last night. Constable Crossland was here last night on official business. "Joker" Kelly returned home yesterday after a few days' visit in Pittsburgh.

BIG DOUBLE BILL

Next Week at the New Schloss Theatre. The policy at the Schloss Theatre will be changed next week, and the entire bill including the moving pictures will be changed on Thursday. The opening bill for Monday has not been perfected yet but will include some big acts that will be announced in Monday's paper. Connelville will certainly appreciate light summer vaudeville and the Schloss is the ideal place of amusement. Special children's matinee will be given every Saturday afternoon that will no doubt become popular.

ATE GRASS OFF GRAVES.

New Salem Residents Incensed at Horse Roaming in Cemetery. NEW SALEM, May 15.—Because he allowed his horse to browse in the cemetery here yesterday, stamping over the sacred ground where the village dead repose, residents are greatly incensed at one of the townspeople. It is said the horse was tethered to a long rope and allowed to spend much time enjoying the long grass growing upon the graves of the dead. The occurrence is regarded as a rank sacrilege.

A Scientist's Discovery. An old German scientist has discovered a positive cure for piles—no matter how severe the case may be; 9 drops Carbolic Acid, 1 dram Zetia, 1/2 oz. Zinc Oxide and nitrate, and applied night and morning will permanently cure you. And Druggist has these ingredients in stock.

RECORD BREAKING NUMBER JOIN ORDER.

Rockwood Celebrates Institution of P. O. S. of A. With Fitting Program.

SPEECHES, MUSIC AND PARADE.

Charter List Signed by 126 Persons, the Largest Ever Before Offered an Organization in Somerset County. Prominent Lodgemen From Other Places Present.

ROCKWOOD, May 15.—Washington Camp No. 766, Patriotic Order Sons of America, was formally installed here on Thursday night, and the institution was made in a manner that will long be remembered by all who participated. The charter list, which was signed by 126 persons, was a record breaker for Somerset county. Never before was a lodge of any order instituted in this county with so great a charter list. Of this number 88 presented themselves for initiation, many being unable to be present for various reasons.

The Camp was also honored by the presence of the State Executive Committee, which is composed of State President, James W. Thompson of Philadelphia; Calvin Strayer of York, Pa.; State Secretary William W. Forman of Philadelphia; State Master Dr. D. L. Huntington of Johnstown, as well as National Secretary Charles L. Stees of Philadelphia, Chaplain E. A. McCollie of Latrobe, and District President George W. Grove of Windhorst. There were also delegations from Johnstown, Windhorst and Hollisport, and all took an active part in the work.

The members of the charter list congregated at the local hall and led by the Wilson Creek Band and followed by the Casselman Band marched to the depot where they met the State Executive Committee and the delegations from the north. The whole assemblage then formed in marching order and paraded the principal streets of the town. Finally bringing up at the local hall, the officers secured for the work. The officers immediately set to work and concluded it in good time, after which there were numerous addresses from the officers and distinguished orators, among whom were classed with the latter Hon. Charles F. Hood of Connellsville and Col. E. H. Welmer of Somerset.

A lunch was served by a committee of which J. D. Snyder was the head. The following officers were elected to serve during the present term:

Past President, E. E. Bush; President, P. E. Weimer; Vice President, R. C. McKie; Master of Forms, Edward D. Snyder; Recording Secretary, H. W. Hay; Assistant Recording Secretary, W. Young; Financial Secretary, E. A. Miller; Treasurer, C. A. Miller; Conductor, E. J. Weimer; Sentinels, R. H. Miller, J. Howard Strong, J. Roscoe Shanks, J. J. Miller, James W. Young, and others.

The camp will meet regularly every Wednesday night. They have not as yet secured a permanent home, but will meet next week in the Municipal Hall.

DUN'S REVIEW OF TRADE

Warm Weather Brings Increased Demand in Mercantile Lines.

New York, May 15.—Dun's Weekly Review of Trade says today:

"Trade conditions are most responsive to the weather at this time of year and more reasonable temperature brought about improvement during the past week. Little net change is noted in manufacturing activities, some plants resuming while others were increased elsewhere by strikes. Buyers are assembling at primary markets to attend special sales and stocks of staple goods are running low in retail stores because of conservative purchases. Mercantile collections are more prompt, but transportation conditions are at the least satisfactory point of the year. There is a 15 per cent of the freight charge being paid."

"Lower prices for pig iron have been named with good results, a fair tonnage of new contracts being secured, although many concerns delay in the hope of still better terms. As furnace interests reject orders for delivery during the last six months of 1907 at the lower figures named for spot business, it is evident that present concessions are only for the purpose of disposing of accumulated stocks."

"While the textile situation is still complicated by many conflicting influences, prices of cotton goods are in most cases as low as possible under present conditions, and curtailed production has attained dimensions that will render quick delivery unobtainable when depleted stocks finally force buyers to replenish. As this fact becomes more evident daily, producers insist on full quotations, and the outlook for activity brightens."

To My Friends and Patrons. I have discontinued active membership in the firm of Fitzmoller & Co., Peach street, since the latter end of 1907, and have now, under the name of Fitzmoller & Templeton, in business with me under the firm name of Fitzmoller & Templeton. We are located at our new place of business, No. 300 Water street. I will be pleased to have you call and estimate will be cheerfully given on any work in plumbing, gas fitting, tinning and heating. Yours truly, L. Fitzmoller, manager.

BLUE WOMEN

Women should understand that melancholia, commonly called "the blues," is in nine times out of ten a sure symptom of some serious female organic derangement and should have immediate attention.

Women whose spirits are depressed, and who are ailing and miserable, should rely upon **LYDIA E. PINKHAM'S VEGETABLE COMPOUND** as is evidenced by following letters.

Mrs. F. Ellsworth, of Mayville, N. Y., writes to Mrs. Pinkham: "For three years I was in an awful despondent and nervous condition caused by female troubles. I was not contented anywhere, and was in such constant fear that something terrible was going to happen that it seemed as though I should lose my mind. Lydia E. Pinkham's Vegetable Compound has restored my health, and I cannot say enough for it."

Mrs. Mary J. Williams, of Bridgeport, Ill., writes to Mrs. Pinkham: "I have been suffering from female trouble, backache and headache, and was so blue that I was simply despairing. I feel it my duty as well as my pleasure to tell you that Lydia E. Pinkham's Vegetable Compound cured me. The change in my appearance is wonderful, and I wish every suffering woman would try it."

FACTS FOR SICK WOMEN. For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, irregularities, periodic pains, backache. Why don't you try it?

KEEP THE KIDNEYS WELL.

Health is Worth Saving and Some Connellsville People Know How to Save It.

Many Connellsville people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. Here is a Connellsville citizen's recommendation: "Mrs. Frank Bechtel, 299 E. Fairview avenue, Connellsville, Pa., says: 'Mr. Bechtel suffered from kidney disease for years and was growing worse every year. He complained a great deal of severe pains in the back and joints which were accompanied by rheumatic attacks. The action of the kidneys was irregular and the secretions plainly showed by their color that his kidneys needed toning up. Seeing Doan's Kidney Pills so highly recommended, he procured a box at Graham & Co.'s drug store and began taking them. He soon felt much better, for the pains ceased and the kidney action was regulated. Today he is without a symptom of kidney trouble and gives the credit of his cure to Doan's Kidney Pills.'"

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, Sole Agents for the United States.

Weakness in the Spring

Is Overcome When the Blood Is Made Rich and Red by Dr. A. W. Chase's Nerve Pills.

Weakness is the word which best describes the condition of most people in the Spring. It may be bodily weakness, tired, drabby feeling and lack of energy and vigor. Or it may be weakness of the heart, the nerves, the stomach, liver, kidneys, bowels or other vital organs. Wherever the trouble may be located, the cause is the same—failure of the blood to supply proper nourishment for the maintenance and restoration of the cells and tissues of the body and its organs.

Stimulants only give temporary relief. The blood is absolutely necessary to rich red blood such as is formed by the use of Dr. A. W. Chase's Nerve Pills to nourish the organs back to health and vigor so that they can derive nourishment from the blood. Because of their blood-building quality, Dr. A. W. Chase's Nerve Pills are marvellously successful as a spring restorative. No box at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. Portrait and signature of A. W. Chase, M. D., on every box of the genuine.

Gives You a Grip on Things.

A savings account gives you a grip on things—makes you your own master. A man with money in bank does not have to take just what he can get. He is in a position to demand what his services are worth. He respects himself and commands the respect of his employer. Think of this. Ask yourself if you wouldn't be a better, manlier man if you had money ahead of you.

This strong bank would be glad to have you open a savings account with it—4% interest—\$1 to begin with.

King Alexis was delighted with his new order, and the grand master's insignia were very handsome. In the center of the five pointed star, St. Michael, the dragon—a symbol perhaps of Captain Mischief! But the king had not done yet. There was honor for the prince's friends too. Men should know the service to the royal house was meritorious in proportion to the illness of the prince. The king, who had stood forward and was made a knight of the Cross of Kravonia. The prince's friends were the price of a court suit, but for Marie's sake he bore the outlay patiently. Then the king, having refreshed himself with a draft which his valet, Lepage, brought him, turned to his most pleasing task. The prince of the tapestries was called from her place in the circle beside Marie Zerkovitch. Colonel Stifultz had not noticed her standing there, but now he gave a little start. The figure seemed familiar. He turned his head round to look at her. She was indeed the same. "What's that?" Mischief whispered to answer to the question in the prince's eyes. The eyes flew back to Sophie. Instantly. There, too, was set the seal of Countess Ellenburg. For Sophie was in full beauty that day. She, too, loved toys, and her ancient hatred of the name to which she had been born must be remembered. Her eyes glowed, and the red star glowed on her cheek. All her air was triumphant as she courted to the king and then stood erect and proud to hear his gracious words.

Countess his words were for her dead and gracious smile for her comely beauty. He could at least look a king and man denied him that and speak in kindly phrases. "A service unmatchable in courage and immeasurable in importance to us and our royal house, the preservation of our dearly loved son and our heir." Countess Ellenburg looked down her nose at that! For such an act did he confer a patent of nobility on Sophie and for greater honor gave her as title the name of one of his own estates, together with a change in her name. She was now a princess.

He ended and sank back in his chair. The prince came forward and kissed her hand before them all. Countess Ellenburg bowed, condescendingly. A delicious murmur of applause filled the hall as, with shining eyes, Sophie, Baronsa Dobrava, courted again very low.

As Sophie bowed and went, Marie Zerkovitch said: "The delighted, poor child!" while Marie Zerkovitch, but only Julia Bohne, in England, far away, heard the full torrent of Sophie's simple, childish exultation.

Such a letter went to her that night, but there was stuff in it besides the baroness' passion. Suddenly a childish voice rang out clear through the hall—a fearless, eager little voice. "What's that you've got on your face?" asked a young Alexis, with engaging candor. His finger pointed at Sophie's face.

So quiet an interruption to the state of formality of the scene struck people's sense of humor. Everybody laughed—even Countess Ellenburg. Sophie's own laugh rose rich and merry. Her ignorance or carelessness of etiquette betrayed itself. She darted at the pretty boy, caught him in her arms and kissed him, answering, "That's my luck—my red star."

The boy touched the mark with his finger. A look of childish awe came into his blue eyes. "Your luck!" he said softly and continued to look at the mysterious sign

after Sophie had set him down again. The little scene was told all over Slavonia before night, and men and women talked, according to their temper, of the nature and the meaning of the red star. If only the foolish think about such things, even the wise talk.

The king left his chair and mingled with his guests. His movement was the signal for a general relaxation of ceremony. The prince came across the room and joined Sophie, who had returned to Marie Zerkovitch's side. He offered the baroness his congratulations, but in somewhat constrained tones. His mind seemed to be on something else. Once or twice he looked inquiringly at Marie, who, in her turn, showed signs of restlessness or distress. A silence followed on Sophie's expression of her acknowledgments. The prince glanced again at Marie and made up his mind to speak.

"You've done me the kindness I asked," he said, looking at Marie. "Marie picked up the feathers of her fan in unhappy embarrassment. "No, sir, I haven't. I—I couldn't."

"But why not?" he asked in surprise. "I—I couldn't," repeated Marie, flushing.

He looked at her gravely for a moment, then smiled. "Then I must pick my own cause," he said and turned to Sophie. "Next week I'm leaving Slavonia and going to my castle of Prastok. It's near Volsen, you know, and I want to raise and train my gunners at Volsen. We must be ready for our guns when they come, mustn't we?"

His eyes met hers, eager glance exchanged for glance as eager. "Our guns!" whispered Sophie under her breath. "Marie here and Zerkovitch have promised to come with me. He'll write what ought to be written, and she'll look the dinner." He laughed. "Oh, well, we do live very simply at Prastok. We shall be there three months at least. I asked Marie to persuade you to come with her and to stay as long as you could, but she's disappointed me. I must plead for myself."

The changing expressions of Sophie's eyes had marked every sentence of his speech, and Marie marked every expression of the eyes. They had grown forlorn and apprehensive when he spoke of leaving Slavonia. A sudden joy leaped into them at his invitation to Prastok.

"You'll come for a little? The scenery is very fine and the people interesting," Sophie gave a low laugh. "Since the scenery is fine and the people interesting, yes, monseigneur."

Their eyes met again, and he echoed back her laugh. Marie Zerkovitch drew in her breath sharply. With swift insight she saw and foresaw. She remembered the presentiment under whose influence she had begged Sophie not to come to Kravonia. But fate had weighted the scales heavily against her. The Baronsa Dobrava was here.

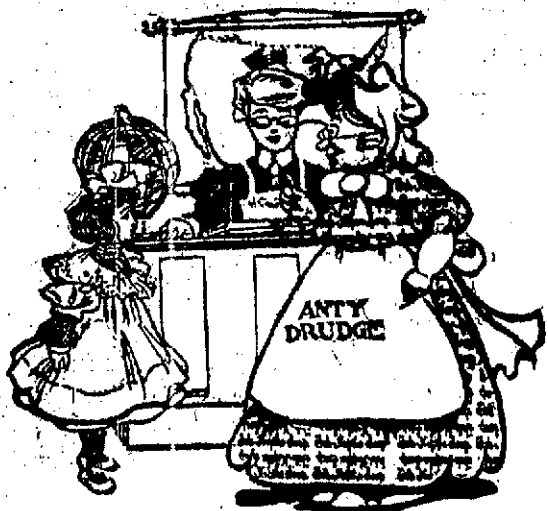

Assimilating exclamation of many voices broke across their talk. At the other end of the hall, a group of men and women pressed in to a circle round some point of interest which could not be seen by Sophie and her companions. A loud voice rang out in authoritative tones: "Stand back! Stand back and open all the windows!"

"That's Natcheff's voice," said the prince. Natcheff was the leading physician of Slavonia. "Somebody's fainted, I suppose. Well, the place is stuffy enough!"

Marked emerged from the circle, which had widened out in obedience to the physician's orders. As he hurried past the prince he said: "The king has fainted, sir. I'm going to fetch Lepage." Two or three other men ran to open the windows.

"The king fainted! I never knew him to do that before!"

He hastened to where his father lay, the subject of Natcheff's ministrations. Sophie and Marie followed in his wake through the opening which the onlookers made for him. The king showed signs of recovering, but Natcheff's face

Anty Drudge Visits the School.

Schoolteacher—"Why are you late, Theodora?"

Theodora—"Please, Miss Brown, my mother was so busy stirring the boiling clothes in the washboiler that she couldn't get us our breakfast and dress us in time."

Anty Drudge—"Theodora, you tell your mother to use Fels-Naptha next Monday, and I'll guarantee you'll never be late for school on account of the washing."

The old-fashioned boiling is uncertain in its action on disease germs. Epidemics of typhoid fever have been traced to the mingling of clothes in a washing, done in the old, boiling manner.

Fels-Naptha soap, while it is fatal to germs, contains no

substance which will harm clothes in the slightest manner. This is a scientifically-proven fact. Be sure and get the genuine Fels-Naptha. It has a red and green wrapper, with directions which you should follow carefully.

SURPRISES FOR MEN AS TREE IS CHOPPED.

Party Clearing Strawn Tract Encounter Master Tree and Other Things.

When a party of woodmen engaged in cutting the timber on the M. E. Strawn tract near Perryopolis on last Saturday came upon a mammoth chestnut tree they had no idea of the number of surprises in store for them before the monster tree would be converted into logs. As the party under L. C. Stewart approached the tree a squirrel was seen clambering up the side. The tree was far too big to be handled entirely with a saw, and it was necessary to chop on two sides to a depth of seven or eight inches, and then the saw was applied.

With a crash and roar the tree tumbled from its place and the squirrel was whisked out and was struck and killed by a limb of the falling tree. Then swarmed forth hundreds of bees. Finally courage was worked up sufficiently to make a raid upon the honey and a great quantity was found, but in securing it several members of the party were stung by the bees. The day was an eventful one for the men and the tree which furnished the diversion was found to be five and one-half feet in diameter at the stump, and it is expected to produce several hundred feet of lumber.

cus advertisements were invariably discredited.

This is changed now. The modern circus is, as a rule, in the hands of wealthy and honorable men, who are reliable and agreeable in business relations. The greatest and most satisfactory change is in the line of advertising. It is not a question of whether or not Hagenbeck and Wallace will exhibit all they advertise, when they appear here Tuesday, May 19, as people have learned that this circus is an amusement bargain counter, and invariably exhibits a great deal more than advertised.

Among the astonishing trained animals at this year are the following mixed groups of all sorts of wild beasts, performed by John Helliott: Polar bear group, by John Duda; zebras and zebras, by Fritz Drann; exceptional ensemble of seals, by Capt. Alaska; Swiss mountain goats, by Philby Castang; the equestrian trained wild and mad riding acts—tiger riding upon elephants back by Harry Schubert; lion riding upon horse's back and leopard riding horseback, by Charles Judge; Hagenbeck trained elephants, Reuben Castang; Wallace trained elephants, Percy Phillips; a spectacular quartet, comprising elephant, pony, mandril and booby, by Charles Sweeney; group of parrots, macaws, cockatoos, etc., exhibited by Franklin Hills Hagenbeck; Wallace school of performing and high school horses, by John Fuller. Another new Hagenbeck-Wallace importation is the Thucero troupe and their acting horses, dogs and donkeys.

BASE BALL

ONLY GAME PLAYED IN LEAGUE YESTERDAY.

Rain Prevented Baseball Everywhere But at Charleroi, Where Scotts Dale Was Defeated.

CHARLEROI, May 15.—The home team, trimmed Scotts Dale here yesterday for the fifth straight time 7 to 2. Crabb for the Millers was touched up for a total of 15 clean smashes while Melvaine for the Wharf Rats allowed but 3.

In sliding home in the third inning, Scotts Dale's little pitcher, Alder, caught his spikes on the plate and broke a bone in his ankle. He will probably be out of the game the rest of the season. The score:

Charleroi.....0 2 2 0 0 3 0 1—7
Scotts Dale.....0 0 1 0 0 0 1 0—2
Batteries—Melvaine and Dalley; Crabb and Steria.

Notes of the Game.
Now, take a fall out of Uplinton and we'll be satisfied.

Uplinton faced about the same as we did at Fairmont. The leaders are going too fast for comfort.

"Abe" Kruger, Uplinton's best, will be on the line for the Ontonagon. He has caught every one of Scotts Dale's games this season. If he keeps it up he will soon equal Pat Moran's record of last season, 45 straight games.

Mathers, who played in the outfield for the locals last year and who has been playing for Charleroi, has been released by that team.

The Uplinton batters are all praise for the fielding of "Reddy" Mack's Fairmonters, saying that what would ordinarily been clean hits were headed with ease by the West Virginia fielders.

The High School team will play the California State Normal at Canton, Ohio, on Monday. The game which was to have been played with Greensburg last Wednesday has been postponed until Tuesday, the 26th, the last day of school.

BASEBALL AT NEW SALEM.

Fans Believe They Have Strong Team and Interest Increases.

NEW SALEM, May 15.—The New Salem baseball fans are smiling and thinking if they keep it up they will soon be in the first class. In an interesting game last evening the local team defeated the Erie Hill team by the score of 6 to 5 after 13 hard-fought innings. With two men on bases in the last inning and two men down, the score being 2 to 5 in favor of Erie Hill, John Hart, picked up the willow and sent the ball clear over the middle fielder's head for a home run, adding three more scores to the list for New Salem and putting them one run ahead, which ended the game.

The features of the game were the home runs of Gribble and Gribble and John Hart and the fielding of Howard Corpp. John Cullen made one of the greatest catches ever pulled off on the New Salem grounds. In the ninth inning, when a Erie Hill player drove a hard fly into middle field, Cullen started after it on a dead run, but no one ever expected him to get it. He stuck out his gloved hand, pulled in the ball and shot it to first base, completing a double play.

The batteries were: For New Salem, Gribble, Jeffries and Hoy; for Erie Hill, Shaffer and Hoy. The New Salem team will play Republic this evening, Footdale Monday evening and Edenborn Thursday evening.

TO PLAY AT UNIONTOWN.

Connellsville High School Team Plays County Seaters Today.

While "Milt" Montgomery's Cokers are playing here with Uniontown, the High School baseball team will travel to Uniontown for a return game with the High School club of that place this afternoon.

The locals whitewashed the County Seaters last Saturday in a 4 to 0 game, but since then Greensburg High, who defeated Connellsville a few weeks ago, were vanquished by the boys from the southern end of the county.

The line-ups of the teams will be: Connellsville, Clasper, 2b; Powell, 1b; Captain Munk, 3b; Thomas, rf; Stillwagon, lb; Myers, cf; Roseman, 2b; Eby, c; Brickman or Flinn, p. Uniontown, Coughenour, 2b; Abraham, ss; Baer, 3b; Hook, cf; Trent, cf; Madore, 1b; Blarer, 2b; Johnson, rf; Cook or Hagan, p.

First Baseball Accident.
One of the most ill accidents of the season was reported yesterday when Joe Sherry, aged 15 years, was so badly injured that he was removed to the Uniontown hospital. In an effort to catch a pitched ball at Eden yesterday the boy was hit in the abdomen and suffered greatly until taken to the hospital. It is thought he is injured internally.

Y. M. C. A. Baseball.
The Y. M. C. A. baseball team will be kept busy for the next few days with some important games. The team is training hard and is confident of victory. On Decoration Day they will play two games with Ruffsdale at that place. A hard fight is expected on both sides.

you will see why this is so. The heat from the chimney of the "New Perfection" is concentrated under the kettle and not dissipated through the room by radiation. Thus it does the work of the coal range without its discomfort. Ask your dealer about this stove—if not with him, write our nearest agency.

The **Rayo Lamp** is a very handsome piece of housefurnishing and gives a clear, powerful light more agreeable than gas or electricity. Safe everywhere and always. Made of brass finely nickel plated—just the thing for the living-room. If not with your dealer, write our nearest agency.
